

## What Really Happened? An Opinion on the Crash of N58784

Investigates the situation leading up to the accident, and recreates the accident flight based on GPS data. Considers the best practices of flight testing, orientation rides, and LSA maintenance, as well as the aerodynamics of vortex generators and the Skyboy aircraft design.

**Directions:** Proceed south from SR 520 on S. Courtney Blvd. Turn left on Airport Rd. EAA is the portable structure on south side of main parking lot.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
